

## The perfect combination

The market offers a wide variety of fans. The search for the perfect partner for ventilation control is time-consuming. The right decision is even more difficult. With these low-noise fans you have found the right counterpart.

The high-quality fans are very durable and particularly quiet. They open silently and close tightly by means of an inner closure.

The ventilation direction is programmable by wire jumper (supply / exhaust air).

All fans are suitable for wall and window installation! The necessary screw set for wall installation is available from us as an accessory.

The technical data for the two fans can be found in the table below.

Technische Daten	100 - 150	100 - 230	100 - 300
Diameter (glass cutout)	185 - 190 mm	257 - 262 mm	324 - 329 mm
Diameter (core bore)	200 mm	250 mm	350 mm
Fan diameter	Ø 150 mm	Ø 230 mm	Ø 300 mm
Fan power	235 m <sup>3</sup> / h	480 m <sup>3</sup> / h	1050 m <sup>3</sup> / h
Power consumption max.	25 Watt	26 Watt	45 Watt
Speed (revolution/minute)	1340	790	840
Sound pressure (dB(A))-3m	37,5	35,6	40,2
Weight	2,07 kg	3,45 kg	6,13 kg

## Technical data

Alle measurements in mm.

Art.Nr.	A	B	C	D	E
100 - 150	215	218	31	97,5	2
100 - 230	294	297	31	130	2
100 - 300	390	393	31	147	2
